## YOUR CPT – SALISBURY

Uplift in PC numbers has seen a necessary change in our structure in Salisbury. PCSO Nicola Bird and Hannah Cranham, along with Escort Officer James Howells are all part of the current PC intake of which we hope to see them return to Salisbury later in the year. In addition, PCSO Gareth James has been called up as a reservist in the Army and will be on secondment for the next 7-12 months. A new intake of 20 PCSOs starts later this summer and I look forward to providing more detail on what further changes that will bring to our personnel. To counter the loss of PCSOs to the team, I have added a temporary Neighbourhood Officer in PC Mark Douglas who is keen to make an impression.

## HIGH LEVEL PCC UPDATES

- Police and Crime Commissioner for Wiltshire and Swindon Angus Macpherson has this week published his refreshed police and crime plan which reaffirms his commitment to protecting the public and frontline community policing. In his final term as PCC, Angus has announced his areas of focus will include protecting the public by increasing and safeguarding community policing assets and ensuring that new resources are prioritised for use within our neighbourhoods, focusing more on protecting our rural communities and ensuring our communities are fully engaged and listened to. You can read the plan here.
- In order to deliver the refreshed plan, Angus has extended Chief Constable Kier Pritchard's contract up to December 2023.
- The PCC would like to extend his thanks to the vast majority of the public who have continued to adhere to the Government restrictions during the COVID19 pandemic. The personal responsibility demonstrated by the majority of people in Wiltshire has been illustrated by the fact that no Fixed Penalty Notice (FPN) for breaches to the restrictions have been issued in the last two weeks. The scrutiny of when FPNs have been issued will continue to be overseen jointly by the Deputy Police and Crime Commissioner and Deputy Chief Constable
- Due to the ongoing COVID19 situation, Wiltshire Council has postponed all area board meetings until September (full details here) and Swindon Borough Council has taken a similar approach with parish council meetings. We would therefore encourage everyone to sign up for the Wiltshire and Swindon Community Messaging service to stay up to date with what's happening in your area. For more info, log onto <https://www.wiltsmessaging.co.uk/>
- As the elected representative for the public, Angus is keen to hear from the communities he serves. There are a number of ways you can get your views heard by Angus including; emailing [pcc@wiltshire.pcc.pnn.gov.uk](mailto:pcc@wiltshire.pcc.pnn.gov.uk), following his twitter account @PCCWiltsSwindon, calling 01380 861861 or you can write to - Office of the Police and Crime Commissioner for Wiltshire and Swindon, London Road, Devizes, Wiltshire, SN10 2DN.

## HIGH LEVEL FORCE UPDATES

- The Chief Constable would like to extend his thanks to the vast majority of our communities across Wiltshire for adhering to the Government restrictions relating to the COVID19 pandemic over the last few months. Officers have focused their efforts on engaging with our communities and only using enforcement when absolutely necessary. This has been reflected in the low number of arrests made and fines issued for breaches in these restrictions. It is important, however, to remember that we are not out of the woods yet and we all have a personal responsibility to stay alert during these times.
- It is now three months since we made improvements to our Community Policing Team model in Wiltshire which included the introduction of new policing teams in some areas, the amalgamation of the CPTs in Swindon into one area and the reintroduction of dedicated

teams to focus on neighbourhood policing within each area. These CPT Neighbourhood Teams are responsible for proactive policing, community engagement and working with partners to solve community problems. You can find out more about your community policing team by visiting the 'your area' pages on the Wiltshire Police website

<https://www.wiltshire.police.uk/YourArea>. The CPT model will be further improved through additional recruitment of officers, plans for enhanced CPT neighbourhood roles and further investment in proactive teams to tackle harm in communities (such as county lines and rural crime issues)

- A year ago we set up six Independent Advisory Groups (IAGs) who come together to provide independent advice to the police. Unlike the range of organisations, partners and independent bodies that regularly advise and guide us on specific aspects of our work, IAG members do not come with any specialist knowledge of policing or represent any particular groups or organisations. They are made up of regular members of the public - like you - who volunteer their time to give us their unique perspective on how policing affects their communities. Anyone can join, but we are particularly keen to focus on diversity and the effect of policing on the protected characteristics as covered by the Equality Act 2000; Age, Disability, Gender reassignment, Marriage and Civil Partnership, Pregnancy and Maternity, Race, Religion and Belief, Sex and Sexual Orientation. To apply, please visit [www.wiltshire.police.uk/YourArea](http://www.wiltshire.police.uk/YourArea). The improvements to our CPT model outlined above and the role of IAGs have proved invaluable in our ability to deliver visible policing services to a wide range of our communities throughout the Covid-19 pandemic.
- Following the tragic death of George Floyd in the United States, we've seen a large number of demonstrations in the UK – including some here in Wiltshire. We are pleased to say all of these events have so far passed peacefully and we will, of course, continue to facilitate people's right to peacefully and lawfully protest.
