**To:** Downton Parish Clerk  
**Subject:** Postponement of resurfacing Works - The Borough, Downton

Dear Sir/Madam:

As consultant representative for Wiltshire Council, I write to inform you of an amendment to the resurfacing works programmed along The Borough, Downton. The site extents can be viewed on the attached drawing.

**Unfortunately, due to unforeseen circumstances, the Contractor has had to postpone the works which were due to commence on Wednesday 26<sup>th</sup> October 2022.**

The works have been reprogrammed and will now commence on Monday 13<sup>th</sup> February 2023 and will be completed on Wednesday 15<sup>th</sup> February 2023 between the hours of 09:00-16:00, however, on occasions they may over run due to uncontrollable circumstances such as plant breakdowns, if weather conditions are unfavourable, or occasionally we discover the need for additional repairs once the work has started. The road will be open as normal outside of these hours.

These works involve resurfacing the existing carriageway, the installation of new road markings and the adjustment of surface ironwork.

Due to the nature of the works and the local environment, the works will be carried out within a temporary road closure, to ensure that adequate health & safety is maintained for the contractor & local residents. You can view this via one.network by entering the following address into an internet browser: <https://one.network/?tmi=GB22716570>.

Road markings and ironwork adjustments may need to be completed at a later date.

There will be points throughout the works period where vehicular access will not be possible as plant may be obstructing the road or material may be newly laid which residents will not be able to drive over, as early trafficking could lead to premature failure. I have suggested to residents that if works are being undertaken in the vicinity of their property; speak to the workforce in advance to ask if there will be any restrictions with regards to access.

Advanced signing will be erected and letter drops to all residents located within the site extents will be undertaken week commencing Monday 13<sup>th</sup> January 2023.

I would like to take this opportunity to apologise for any inconvenience these works will cause but trust you will appreciate the necessity for these essential works to maintain Wiltshire's highway network. Should you require any further information in advance of the works please do not hesitate to contact me on the details shown below. If you wish to discuss the works whilst they are in operation, please speak to a member of the workforce who will direct you to the appropriate person.

Kind regards,
