

DOWNTON
PARISH COUNCIL

15th November 2019

NOTICE
Temporary Pavement Closure and
Works to Level and Resurface a section of Pavement
In The Borough

On Monday 18th November 2019 Wiltshire Council's contractor, Ringway, will be starting work to level and resurface a 25 metre section of pavement on the northern side of The Borough from the end of the double yellow lines beyond The Bull pub up to the gates of the old cricket pitch.

Cones will be placed on the road on Sunday afternoon to prevent cars from parking and work starting when the contractor arrives on Monday morning and the work should take no longer than 4 days. Both schools have been notified and asked to consider alternative routes for students whilst the footpath is blocked.

The Parish Council would ask that residents do not park in this part of The Borough or move the cones so that the work can be completed.
